Higher Farm is very easy to find.

Postcode for satnav – **SY14 7HU**. (Note that postcodes in rural areas can cover quite a large area)

### ◆ From Chester

- 1) Take the A41 south from Chester (following signs for Whitchurch)
- 2) Follow the A41 out of Chester for about 8 miles, as far as the Broxton roundabout (there's a garage on the roundabout). Take the 3rd exit, turning right onto the A534 and following signs for Wrexham.
- 3) Stay on the A534 for around 2 miles, passing through the village of Clutton and the entrance to Carden Park on the left.
- 4) The road rises, and at the top of the rise is a crossroads with the Cock o' Barton pub on the left-hand side - take the right hand turn opposite the pub, into Barton village. (Be careful when turning, as oncoming traffic can be fast.)
- 5) Go straight ahead for around 100m. Give way at the junction if necessary, and look out for the entrance to Higher Farm B&B on the left-hand side - it's just after A&A Farm Supplies.
- 6) Pull up into the car park on the right - there's plenty of space.
- 7) The front door to the B&B is immediately by the car park and is easy to find.

### ◆ From Wrexham

- 1) Take the A534 heading east from Wrexham. (If approaching Wrexham on the A483 from the north or south, turn off at Junction 6 north of Wrexham (Acton junction) and take the A5156 link road. This will take you straight to the A534.)
- 2) Stay on the A534 for around 6 miles, by-passing the villages of Holt and Farndon, and crossing the Wales / England border at the River Dee.
- 3) About a mile after the crossroads to Farndon, you'll pass a Texaco garage on the left hand side. After the garage, the road rises through a short series of bends.
- 4) At the top of the rise there is a crossroads, with the Cock o' Barton pub on the right-hand side. Turn left opposite the pub into Barton village.
